

English + Workplacement

City Language School - Dublin, Ireland

Our English and work placement course provides students with the opportunity to study and work in an English-speaking environment. Students will cover the four skills of English along with improving their knowledge of the grammatical and lexical rules underpinning the language, leading to hands-on work experience.

Created for:

- Students who want to improve their overall English language proficiency
- Students who want to work in the hospitality sector, service sector or retail
- Students who want real-life paid experience, working in real company and putting their new-found English language skills to use.
